THE HUSCROFT FLOORING PROCESS

Our fully certified Oak is **harvested from sustainable forests** throughout Europe.

Our simple **4 step process** allows you to create your own bespoke wood floor.

Now you've chosen your options, using the latest state of the art machinery and highly experienced craftsmen, our colour technicians will create your wood floor here in the UK from FSC certified European logs. Ensuring the highest British quality and prompt delivery.

We also offer a bespoke colour matching service to create your perfect floor, so please feel free to provide us with a sample you would like us to match.

STEP
1

CHOOSE
YOUR
DESIGN

Start creating your bespoke floor by choosing your design from page 6 and 7.

STEP
2

CHOOSE
YOUR
DIMENSIONS

Choose the dimensions available in your design from page 6.

STEP
3

CHOOSE
YOUR
GRADE

Our range of designs are available in Prime and Rustic grades - shown on page 8 with the majority of items in stock and ready for finishing.

STEP
4

CHOOSE
YOUR
FINISHES

To complete your bespoke floor choose your texture and treatment from page 9 and your colour and finish from pages 10-22.

We use UV cured hardwax oil as our final protective layer. Available in Extra Matt, Satin & Gloss finishes.

THE LAB

Our state of the art Lab houses only the best machinery to achieve our **colour matching service**. With an extensive range of unfinished stock of European Prime and Rustic Oak and 100% Fumed Oak we are able to offer you a prompt colour matching service and final production time.

The process of **sample matching** takes 10 working days as we use the same extensive weighted method of application to ensure precise and consistent application of the oils, stains and textures required.

GRADING

Prime Grade

GENERAL	Clear grade with mixture of natural grain.
KNOTS	Occasional pin knots < 10mm.
SAPWOOD	Minimal edge and core sapwood.
COLOUR	Natural variation allowed with no heart wood.
GRADING RULES	Grading rules may vary from country to country and manufacturer to manufacturer. Please check at time of order for a certain product/range.

Rustic Grade

GENERAL	Rustic grade with mixture of natural grain and knots.
KNOTS	Healthy sound knots up to 70mm with dead knots up to 35mm and holes firmly filled.
SAPWOOD	Minimal edge and core sapwood.
COLOUR	Natural variation allowed with some heart wood.
GRADING RULES	Grading rules may vary from country to country and manufacturer to manufacturer. Please check at time of order for a certain product/range.

TEXTURES & TREATMENTS

Brushed

Removing the soft grain enhances the texture of the timber.
Available in light, medium or heavy brushed.

Aged & Tumbled

Each piece of flooring is tumbled to achieve an authentic aged look to the edges and surface of the timber.

Bandsawn

Our bandsawn floors have traditional cut marks across the face of the floor and particularly suit retail and commercial projects.

Fumed

100% Fumed - tones of deep dark brown/black.

Huscroft Flooring offer you endless combinations of surface treatments to create your bespoke wood floor.

Here are the options available.

Light Smoked

Surface smoked – tones of light to medium brown.

Medium Smoked

Surface smoked – tones of medium to dark brown.

Dark Smoked

Surface smoked – tones of dark brown.

UV Oil Finish

UV cured hardwax oil. Available in Extra Matt, Matt, Satin & Gloss finishes.

Our **fumed and smoked** colours are achieved through a process which reacts with the natural tannins in the oak and although we use controlled processes, the final colours are dictated by nature and not by using pigmented stains.

Please be aware that when you buy smoked or fumed oak there will be a large variation in colour, this is the beauty of having these floors.

OUR COLLECTIONS

PLANK HERRINGBONE CHEVRON

Huscroft Flooring offer you the option of thickness, width and grade in your chosen finish.

Our core range of 36 finishes are a few of our favourites to whet your appetite; with endless options of textures, colours and finishes available.

Pages 12 to 22 show our core range in planks, classic herringbone and timeless chevrons. The majority of these finishes are available in the designs and dimensions shown on pages 8-9, excluding our torched finishes that are only available in planks.

All flooring is produced to order, delivery times to be confirmed at this time.

Wharfedale Light Smoked 

Wensleydale Medium Smoked 

Alhambra Dark Smoked 

Brodsworth Dark Smoked White 

Fumed Flooring

Our fumed and smoked colours are achieved through a process which reacts with the natural tannins in the oak. Although we use controlled processes when smoking **variation in colour will occur** and the final colours are dictated by nature and not by using pigmented stains.

The main difference between the two techniques; The **Smoking** process penetrates the veneer surface by 0.5 - 2mm in depth whilst the image shown here demonstrates that our **Fumed** oak penetrates the entire veneer layer.

Brodsworth Sawn Bandsawn Dark Smoked White

Bandsawn

The surface of our bandsawn floors replicate traditional cut marks across the face of the floor, creating a beautiful rough-sawn texture which is available in all design options. Ideal for flooring or wall cladding in retail or commercial projects.

SOMETHING DIFFERENT

TORCHED FINISHING

Artistry of the flame. A specially designed machine is used to accomplish the torched edges on our floors. This process is repeated to achieve the required result.

As with smoking and fuming the torched process reacts in different ways with the *'nature that is wood'*. Wider grain and knots will not burn as fast as the wood around them, especially if that surrounding grain is closer together.

Whilst the effect will always show variation in finish, the position at which the torches are fixed in the machine is kept constant for consistency of the torching.

This process is only available in our range of plank floors on the long edges, not the short ends.
